## RUSSIA IN KOREA.

Seoul, April 17.—There is a report that Russia has selected a piece of land at Masampho, but the situation of the land in question still remains unknown.

The terms of the secret agreement Russia has managed to conclude with the Korean Government concerning Koche Island have not yet been ascertained, as the matter is kept in secret for the present.

His Excellency, Mr. Jordan, British Minister in Seoul is expected to start tomorrow for the Insan gold mine in order to inspect it.

Seoul, April 18.—The plot of land which Russia has previously purchased in Koka Island covered only about two acres; but the Russian Consul who proceeded thither having demanded a larger space, some difficulties have arisen and the Consul has returned to Seoul (without succeeding in carrying his point.)

No intelligence has yet been received concerning the exact place which Russia wishes to purchase in Masampho. The Russian representative has asked the despatch of an official from Seoul in connection with the purchase, though such despatch has no precedent. The area of the land which Russia wishes to have will attract wide attention, especially in association with the Koka Island affair.

# Chaplain Shields Dead.

Philadelphia, April 23.—David Haddington Shields, a post chaplain in the United States army, died suddenly today in the Pennsylvania Hospital. The order has been given a post mortem examination to determine the cause of death.

Shields, who is supposed to be about 17 years of age, went to a hotel this morning ostensibly to take a Turkish bath. While there he was taken suddenly ill and an ambulance was called, which took the sick man to the hospital, where he died.

A letter to the Coroner from Dr. John T. McKelvey states that death was probably due to pneumonia and alcoholism, with a history of an alleged injury to the head.

# The Panama Survey.

New York, April 25.—A dispatch to the Herald from Panama says:

H. C. Ripley and party acting under the direction of the United States Canal Commission, have left for Darien, to explore the region between the Darien Harbor and Caledonia Bay on the Atlantic side of the isthmus, embracing also the rivers Sabana, Tuyra and Chucunaque.

The local Government has supplied them with letters for the authorities in Chepigana and Pinogla.

Accompanying Mr. Ripley are Messrs. Hancy and Delamotter, assistant engineers, and Dr. Mandel, surgeon.
